OUR MISSION

Church of the Incarnation welcomes ALL children with disabilities into PREP. Children will be able to participate in class by having modifications to help them learn about the Catholic faith in ways that are adapted to their disabilities. PREP uses a curriculum that was created for children with disabilities called: Adaptive Program Finding God Our Response to God's Gifts which gives the children interactive materials to learn more about God, Jesus, and the Catholic Church. All children are welcome regardless of their disabilities.
